

SURVEY OF ISOCARP SEMINARS

RIVERSIDE, California, USA 13-15 March 2005 **“INNOVATIVE COMMUNITIES”**

organized by ISOCARP Vice-President Ric Stephens. The event was a collaborative program hosted by the Inland Empire Section American Planning Association (APA) with sponsorship from the Urban Land Institute Inland Empire Council (ULI), California Planning Roundtable, ESRI, and the City of Riverside.

The International Seminar highlighted ways in which the world may respond to 21st century challenges with creative strategies and programs in an effort to ‘make great communities happen’ [the American Planning Association motto].

Topics included international perspectives, community development, new urbanism, GIS, and European planning approaches.
