**Internet**

A practice established in 2001 to use the ISoCaRP homepage (http://www.ISoCaRP.org) as a logistics tool in organizing congresses has been utilized in preparing the 2003 Congress once again.

Over the year 2002-2003, a number of services available on the website has increased, and specific areas have been created for Secretariat communications, EXCO and Scientific Committee exchange, etc. Many members have enthusiastically joined the cyber alternative, and today the e-based space
presents one of the most active and dynamic ISoCaRP communication channel. Many thanks to all those who provided their help and support, especially to Dirk Engelke (Germany) and the Secretariat staff who passionately worked to make it happen.

COMMUNICATION

**Publications**
2001-2002 HAS BEEN A YEAR OF PUBLICATIONS!! We have produced a lot. Many people have been engaged and helped to get our publication production back in life.
1. IMPP is available now on a CD Rom, comprising vol. I-IV;
2. 2000 Mexico Congress Report: People’s Empowerment in Planning – Citizens as actors
   in managing their habitat, edited by Héctor Floriani, Argentina;
4. 10 Years Young Planners Report, edited by Fernando Brandao Alves, Portugal;
5. The ISoCaRP Net was published 3 times and,
a special issue dedicated to late Adriana Dal Cin - The Thread of Adriana
–
edited by Teresa Franchini, Spain, Judith Ryser, UK, and Jan Goodman, NL.
Many thanks to all the contributors.

Internet
A practice established in 2001 to use the ISoCaRP homepage
(http://www.isocarp.org) as a logistics tool in organizing congresses turned into
routine in 2002, while preparing the Athens Congress. All the authors enjoyed the on-
line communication over months of their work and since the Open Platform was
introduced, many other participants used a direct access to the congress material as
well. Many thanks to all those that provided their help and support, and especially to
Bernd Scholl and Dirk Engelke.

MEMBERSHIP DEVELOPMENT
In September 2001 ISoCaRP had 444 members. At the 2002 Congress 65 Applicant Members were endorsed at the Bureau Meeting in Athens. A policy applied in
case of continued non-payment resulted in 25 deleted members, and there have
been 14 resignations and 1 member passed away. ISoCaRP now has 469 members.
As for the institutional members, in September 2001 there were 28 members; due to
2 deletions because of non-payment and 2 new Institutional Members joining the
number remained the same.
If ISoCaRP is to keep a stable basis to better fulfill its goals as the professional
planners’ network, we as a Society have to approach the issue of membership in a
comprehensive and profound way and continuously work on it in the time to come.
President Max van den Berg has addressed the National Delegations with a special
letter - The President’s Call, and asked them to enhance membership recruitment in
their countries. We need new members and we need to grow. Now that we have a
new Vice – President with a specific task to develop closer communication with NDs
and to strengthen their role, we certainly do hope that our membership policy
developed and adopted long time ago, have reached the momentum to be
implemented.

INSTITUTIONAL ASPECTS
1. The yearly Bureau meeting and General Assembly meeting took place in
• President-elect became Adriana Dal Cin (Spain)
• Three new Vice-President were elected for a three year term: Detlef
Kammeier (Thailand), re-elected for the Profile ‘Publications’; Estefania
Chavez de Ortega (Mexico), re-elected Profile ‘Future Activities ISoCaRP;
Didier Vancutsem (Germany), elected Profile ‘Treasurer’. Elias Beriatos (Greece) was co-opted Vice President until September 2002

- Hein Struben has accepted the request of the EXCO to continue as Internet co-ordinator until September 2002.
- With the tragic loss of President elect Adriana Dal Cin († 7-03-02), a new President needs to be elected. Advised by the Past Presidents and the EXCO members, President Max van den Berg decided not to rush into new elections at this late stage, and to initiate the matter in the September 2002 EXCO-Bureau Meeting and General Assembly. See ISoCaRP NET, volume 9, issue 2-July 2002, for in-depth information and a Proposal for an Amendment to the Statutes.

(See also Election President below).

3. Three Vice Presidents are stepping down: Hari Baral, Bogdan Wyporek and John Zetter.

THE SECRETARIAT

In the Secretariat Judy van Hemert and her crew made many important contributions to the functioning of our Society during this year. Without their hard work and everyday presence we would have never achieved what we had nor had such a successful year.

Framke de Moet left the Secretariat, so there is an urgent need to fill out her post. We do hope to find a good and reliable person soon, and hope to get good news for you shortly.

A hearty thank you to Judy and Gaby.
