

## WORKSHOP 1:

### The Economics of urban Sprawl vis-à-vis the regulatory Framework – Contrast or Complementarity?

#### Session 1: Economics of the Infrastructure System - Sat, 20 Sept (16:15 -18:15)

(4) Christeler, Stephane; Sall, Ousmane, SPS/CSDP, Geneva, Switzerland

*Urban Growth without Sprawl: six examples in the city and region of Geneva*

(8) Holanda, Frederico; Ribeiro, Romulo; Medeiros, Valerio, University of Brasilia, Brasil

*Brasilia, Brazil: economic and social Costs of Dispersion*

(12) Marinero, Angel; de las Rivas Sanz, Juan, Junta de Castilla y León, Simancas, Spain

*Sprawl Control in a Spanish Region*

(15) Pagonis, Thanos; Chorianopoulos, I.; Koukoulas, S.; Drymoniti, S., University of the Aegean, Mytilene, Greece

*Urban Competitiveness and Sprawl as conflicting Planning Priorities: the Olympic legacy of Athens*

(10) Kaur, Guneet, City Plan Services, Sydney, Australia

*Urban Sprawl - an issue of growing concern*

#### Session 2: Antidotes to Sprawl and best Practices Sun, 21 Sept (13:30 - 18:00) (break: 16:00-16:15)

(3) Byrnes, Terence, Byrnes & Associates Pty Ltd, Sydney, Australia

*Spread City - Learning to live with it*

(5) Da Costa Lobo, Manuel, IST- CESUR, Lisbon, Portugal

*Problems and Solutions of Environment and Urbanization in the World*

(9) Jenkinson, James, self-employed, Winchester, United Kingdom

*Eco-Cities, a sustainable Solution to Urbanisation?*

(11) Altinok, Emrah; Cengiz, Hüseyin, Yildiz Technical University, Istanbul, Turkey

*The Effects of urban Sprawl on spatial Fragmentation and social Segregation in Istanbul*

(16) Petetit, Sylvain; Guet, Jean-Francois, CERTU, Lyon, France

*The French SCOT, a good Tool to restrain urban Sprawl?*

(17) Rahman, Golam; Alam, Nurul; Alam, Deanna, United International University, Dhaka, Bangladesh  
*City Growth with urban Sprawl and Problems of Management for sustainable Urbanization*

(20) van den Hoek, Joost W., Inbo.com, Amsterdam & TU Delft, Netherlands

*The Mixed-use Index (MXI) as Instrument for anti- Sprawl Policy*

(6) Engelke, Dirk, pakora.net - Network for towns and regions, Karlsruhe, Germany

*The economic View on urban Sprawl in decentralised metropolitan Areas and their Hinterland*

(11) Listowski, Alicia, self-employed, Paris, France

*About metropolitan Space, data Processing and Self-Sufficiency*

#### Session 3: Conceptualising the Economies of urban Sprawl - Mon, 22 Sept (09:00 -12.00)

(break: 11:00-11:15)

(7) Grozdanic, Milica, Town Planning Institute of Belgrade, Serbia

*Belgrade - European Metropolis, Transformations through Space and Time*

(13) NIU, Xiong; BI, Xiongyang, Tsinghua University, Beijing, China;

*Spatial Distribution of Industries in Chinese Cities during the transitional Period: A Case Study on the City of Nanning*

(14) Owei, Opuenebo; Ede, Precious; Akarolo, Chimbiko, Rivers State University of Science and Technology, Port Harcourt, Nigeria

*Land Market Distortions in Nigerian Cities and Urban Sprawl: the Case of Abuja and Port Harcourt*

(19) Twitchett, Bill, Association Terre et Cité, Arras, France

*Convivial Regions versus Sprawl*

(21) WEI, Yaping; MIN, Zhao, Zhejiang University, Hangzhou, China

*Entangling Land-Use Regulations in China's Urban Growth: The Case of Guangzhou*

## WORKSHOP 2:

### Public Transport, Road Pricing, Congestion Management and urban Land Use Development – Well-known basic facts and innovative concepts in practice

#### Session 1: A worldwide Problem - Sat, 20 Sept (16:15 -18:15)

(37) QI, Lei; LIU, Bin, Peking University, Beijing, China  
*Urban Sprawl: A case study of Shenzhen, China*

(23) Abimbola, Tofowomo, Ministry of Lands, Housing and Environment, Akure, Nigeria  
*The Planning Implications of urban Sprawl in Akure, Nigeria*

(24) Erylmaz, Semiha Sultan; Cengiz, Hüseyin, Yildiz Technical University, Istanbul, Turkey  
*The urban Sprawl Model for an affected Metropolis: Bursa – Istanbul Example*

(35) Ortiz Jasso, Eduardo, IMPLAN, Cancun, Mexico  
*The Case Cancun*

(34) Movahed, Khosro, Shiraz Azad Islamic University, Shiraz, Iran  
*Discerning Sprawl Factors of Shiraz City and how to make it livable*

#### Session 2: Complexities - Sun, 21 Sept (13:30 - 18:00) (break: 16:00-16:15)

(40) Van den Burg, Arjen; Vink, Bart, VROM, The Netherlands  
*Randstad Holland towards 2040 - perspectives from national government*

(26) Fleischmann, Philipp, Andreas Hawlik Archi-tekt, Vienna, Austria  
*Waking up the dormitory Town – Visions for Vienna-Atzgersdorf*

(31) LONG, Ying; SHEN, Zhenjiang; DU, Liqun, Beijing Institute of City Planning, Beijing, China  
*Complex constrained CA urban Model: Long-term urban form prediction for Beijing metropolitan area*

(28) Gadet, Jos; van Zanen, Koos, Physical Planning Dept. Amsterdam, Netherlands  
*Shaping the Core City: It's people that matter*

(29) Iranmanesh, Nasim; Etaati, Kouros, Islamic Azad University, Tehran, Iran  
*Pedestrianization - a great Necessity in urban Designing to create a sustainable City in developing Countries*  
- presented by Sara Fattahi

(36) Piracha, Awais, University of Western Sydney, Australia

*Bridging the Gap between Policy Rhetoric and Action: Role of the State, public Sector Organizations and Individuals in sustainable Transport in Australia*

(38) Savcic, Vladimir, Universidad Politecnica de Catalunya, Barcelona, Spain

*Inter-Mobility as a Role for urban (Re)-Development of Belgrade public Space Areas*

(33) McCormick, Tony, Hassell, Sydney, Australia

*11 Studies in eleven Cities – Propositions for a sustainable future*

(27) Frediani, Julieta Constanza; Giacobbe, Nora Odila; Ravella, Olga; Pistola, Juliana Paula, FAU-UNLP, La Plata, Argentina

*Compact City – Sprawl City: two interacting urban forms*

(41) Van Remmen, Yvonne; Van den Burg, Arjen, VROM, The Netherlands

*Urban Growth without Sprawl, a way towards sustainable urbanisation*

- presented by Wim Houtsma

#### Session 3: The broader Picture - Mon, 22 Sept (09:00 -12.00) (break: 11:00-11:15)

(30) LI, Yuan, HE, Zizhang, School of Architecture and Civil Engineering, Xiamen University, Xiamen, China  
*3D Indoor Navigation: a Framework of Combining BIM with 3D GIS*

(42) Zumkeller, Dirk, Institute for Transport Studies, University of Karlsruhe (TH), Germany

*Does Vicinity lose Significance through Tele-communication? A glance at our future mobility*

(25) Fattahi, Kaveh; Kobayashi, Hidetsugu, Hokkaido University, Sapporo, Japan

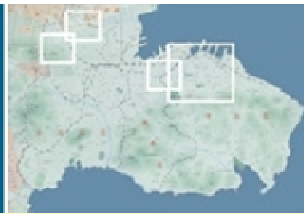

*New Communication Infrastructures promoting new Criteria for compact Cities*

(39) Storch, Harry, Brandenburg University of Technology, Cottbus, Germany

*Adapting Ho Chi Minh City for Climate Change. Urban Compactness: a Problem or Solution?*

(32) Magalhães, Fernanda; Rojas, Eduardo, UFRJ, Brasilia, Brazil

*Strategic Project Choice in a Context of limited Resources*

### WORKSHOP 3:

## Concepts and Policies against urban Sprawl: Compact city, eco-city, city greening, and similar concepts - promises only or real successes

### Session 1: Defining Sprawl - Sat, 20 Sept (16:15 - 18:15)

(43) Castello, Iara Regina; Castello, Lineu, UFRGS / CNPq, Porto Alegre, Brazil  
*Compacting Porto Alegre: The new 'City Gates' Project*

(44) Djokic, Jasmina & Graovac, Ana, Town Planning Institute of Belgrade, Serbia  
*Implosive Sprawl – Belgrade Case Study*

(48) Heyning, Helena, MB&A bv, Amsterdam, Netherlands  
*Smart Growth: Answer to urban Sprawl?*

(60) Subba, Mahendra; Bjoenness, Hans Christie, Nepal; Norwegian University of Science and Technology, Trondheim, Norway  
*Urban Sprawl - A Necessary Evil? Towards a framework for research on urban containment for Kathmandu Valley, Nepal*

### Session 2: Sun, 21 Sept (13:30 -18:00)

(break: 16:00-16:15)

#### - Social Aspects of Sprawl

(45) Fattahi, Sara, Shiraz University, Shiraz, Iran  
*Analyzing traditional Persian Cities as a Model for the Eco-City*

(56) Rosenfeld, Elías; Discoli, Carlos; San Juan, Gustavo, IDE-HAB, la Plata, Argentina  
*Compact City versus diffuse City: their implications in urban life quality and sustainability*

#### - Inclusion of Competitiveness

(46) Goedman, Jan; Houtsma, Wim Heiko; Zonneveld, Wil, Ministry of Housing, Spatial Policy and the Environment (VROM), The Hague, Netherlands  
*Dutch spatial Planning: from implicit to explicit sustainable urban development*

(50) Johnson, Craig, EDAW, Denver, USA  
*Tropical green Cities*

(54) Malusardi, Federico; Scoppetta, Cecilia, Sapienza University of Rome, Italy  
*Rethinking urban Morphology through urban Forestry (case Rome)*

#### - Management of metropolitan Space

(52) LIU, Yun; PENG, Chong, School of Urban Design, Wuhan University, Wuhan, China  
*The Impact Analysis of the Town and Country Planning Act 2008 on the smart Growth of a small-sized Town in China: Case Study of Lianjiang Town Master Plan*

(57) Schönwandt, Walter; Jung, Wolfgang; Bader, Johannes, University of Stuttgart, Germany  
*Internal Growth: Can strategic planning procedures help to achieve it?*

#### - Knowledge-led Growth

(47) Gossop, Chris, PINS, Milton Keynes, United Kingdom  
*Cambridge, England - Planning for knowledge-led Growth in a tightly constrained Sub-Region*

(49) HUA, Ying & YANG, Xiaodi, Cornell University, Ithaca, USA  
*University Campus as creative Hub critical to the internal Expansion of the City*

### Session 3: Internal Expansion - Mon, 22 Sept (09:00 -12.00) (break: 11:00-11:15)

(22) ZHANG, Xiaoli; HU, Yang, Beijing Municipal Institute of City Planning & Design, China  
*Lay equal Stress on Land Utilization Efficiency and ecological Environment - Adhere to intensive Growth oriented Development Zone Construction*

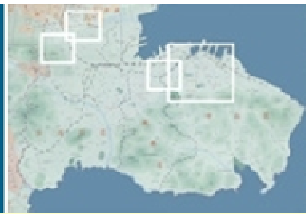

(1) Ainstein Luis, Buenos Aires University, Argentina  
*A systemic Approach to Sprawl: intervening factors, existing relationships, emerging consequences and required public policies*

(51) LI, Bo, Graduate School of Landscape Architecture, Peking University, Beijing, China  
*Urban Sprawl Risk Assessment based on ecological Infrastructure: an approach to smart conservation*

(58) Siedentrop, Stefan; Fina, Stefan, University of Stuttgart, Germany  
*Urban Sprawl beyond Growth: from a growth to a decline perspective on the costs of sprawl*

(59) Smith, Garry, ENSR, Sydney, Australia  
*Contributions of Brownfield Development to urban internal Expansion and urban Renewal in Practice*

## WORKSHOP 4:

### Metropolitan Management as Part of an urban Development and Governance Framework, from the national to the local Scale

#### Session 1: Metropolitan Management in transitional Economies - Sat, 20 Sept (16:15 - 18:15)

(76) Lorens, Piotr, Gdansk University of Technology, Poland  
*Urban Regeneration vs urban Sprawl - problems and prospects in the post-socialistic cities*

(75) Kudryavtsev, Fedor, Moscow Institute of Architecture, Moscow, Russia  
*City-scale private "Megaprojects": real estate manipulations or way to planned development*

(70) Elisei, Pietro, DipSU - Uniroma 3/Planum.net, Velletri (Rome), Italy  
*Integrated Development Plans in Romania: pure formalities or tangible steps towards the design of a new culture of planning?*

(81) Simatupang, Wita, Cipta Trimatra, Jakarta, Indonesia  
*Conurbations in Java, Indonesia: the call for multi stakeholder urban management*

(nn) Martin, Rolf-Volker, BTU Cottbus, Germany  
*Ho Chi Minh - Integrative Urban Adaptation Framework*

#### Session 2: - Sun, 21 Sept (13:30 - 18:00) (break: 16:00-16:15)

##### - Policy Initiatives & urban Programmes

(78) Meijer, Michaël, SAB Strategie & Ontwerp, Velp, Netherlands  
*A Dutch Strategy for Urbanisation within valuable Landscapes*

(83) Thierstein, Alain; Reiss-Schmidt, Stephan, Technische Universität Munich; Department for Urban Development Planning, City of Munich, Germany  
*Urban Development Management in Munich, Germany. Integrated strategy, impacts and learning from external evaluation*

(71) FAN, Li, National Research Center of historic Cities, Shanghai, China  
*Cautious urban Redevelopment in Berlin*

(73) Fritz Annika, UWI, Port of Spain, Trinidad and Tobago  
*Trincity Millennium Vision* - presented by Kenneth Snaggs

(80) Ordoñez, Juan Felipe, J. F. Ordoñez and Partners, Distrito Federal Mexico City, Mexico  
*Xaman Ha City, an Answer to the poor Growth and spread Population*

(64) Aubert, Bernard, Private Office, Paris, France  
*The Challenge of Growing the City within its Limits*  
- presented by Alicia Listowski

(nn) Fernandes, Manish, Instituto Superior de Ciencias do Trabalho e da Empresa, Lisbon, Portugal  
*Housing Strategic Plan 2008-13: The Groundwork for a New Paradigm*

##### - International Comparisons

(82) TANG, Yan; XU, Jingquan, China Academy of Urban Planning & Design, Beijing, China  
*Regional Governance of the Capital Metropolitan Region: A Comparative Study of Berlin-Brandenburg and Beijing*

(69) Elgendy, Hany; Seidemann, Dirk; Wilske, Sebastian, University of Karlsruhe, Germany  
*Perspectives for urban Regeneration in European metropolitan Areas: a cross-border study in Germany and Switzerland*

(72) Fiedorowicz, Kazimierz; Fiedorowicz, Jacek, Czêstochowa University of Technology, Warsaw, Poland  
*Shaping spatial Structure of the new Member Countries of the EU*

(77) Lourenço, Julia; Danko, Cristina, University of Minho, Guimarães, Portugal  
*Generalizing urban Sustainability Assessment Methodologies: a discussion on selected European cases*

#### Session 3: Regional Governance & Planning - Mon, 22 Sept (09:00 -12.00) (break: 11:00-11:15)

(79) Mendes, Clara; Morgado, Sofia, LUOTP/FA-TU Lisbon, Portugal  
*Lisbon Metropolitan Area: Centralities, urban growth and policies*

(67) Danko, Cristina; Lourenço, Julia, University of Minho, Guimarães, Portugal  
*Strategic Planning for equitable Territory Development: the case of sustainable water and wastewater infrastructure in northeast Portugal*

(65) Brandão Alves, Fernando; Conceicao, Paulo; Grana-deiro Cortesao, Joao; Pinho, Paulo, FEUP - DEC - CITTA, Porto, Portugal  
*The new Azores Regional Plan as a Tool to regulate the Sprawled Growth in the insular Portuguese Territory*

(74) Hofman, Victor Hugo, UNAM, Mexico City, Mexico  
*Redensification vs. Sprawl; The metropolitan Area of the City of Mexico*

(66) Chávez de Ortega, Estefanía, UNAM, Mexico City, Mexico  
*Citizen Participation as a Means to control accelerated urban Sprawl*

## WORKSHOP 5

### Integrating ecological Management and cultural Heritage Conservation Agendas in urban Development

#### Session 1: Heritage Conservation - Sat, 20 Sept (16:15 -18:15)

(86) Bracho, Diana; Faneite, Yuri; Faria, Carmen, Universidad del Zulia, Maracaibo, Venezuela  
*Santa Lucía: A hidden Treasure in the urban Structure of Maracaibo*

(87) CHUN, Zhang; BIN, Lu, Peking University, Beijing, China  
*A cultural-ecological Approach in the Regeneration of the inner City: The case of Nanluoguxiang in Beijing*

(90) Gunay, Zeynep, Istanbul Technical University, Istanbul, Turkey  
*Neoliberal Urbanism and Sustainability of cultural Heritage*

(97) Prothi Khanna, Nupur, beyondBUILT, Bangalore, India  
*The Future of the Past in sprawling Cities*

(105) ZHU, Longbin; Sippel, Gerd, GTZ (German Technical Cooperation), Beijing, China  
*Sustainable Urban Conservation and Community Participation*

#### Session 2: - Sun, 21 Sept (13:30 - 18:00) (break: 16:00-16:15)

##### - Theory

(91) Kamrowska-Zaluska, Dorota; Kaczorowska-Fudala, Anna, Gdansk University of Technology, Sopot, Poland  
*Rush to become "globally relevant"- Culture based Development as a significant Factor towards sustainable Urbanization*

(94) Martinico, Francesco; Nigrelli, Fausto Carmelo; La Rosa, Daniele, University of Catania, Catania, Italy  
*Urban Sprawl over the Countryside. The Landscape Protection Plan in Sicily*

##### - Urban Sprawl

(85) Beriatos, Elias, University of Thessaly, Athens, Greece  
*Uncontrolled Urbanization and Landscape Transformation in Greece*

(96) Mouriño, Nuri, Environmental Secretary, Mexico City, Mexico  
*Networking in green*

(101) Simms, Doneika, University of the West Indies, St. Augustine, Trinidad and Tobago  
*The Impact of Urbanization on ecological sustainable Development in Jamaica*

(89) Discoli, Carlos; Rosenfeld, Elías; Martini, Irene, IDEHAB, La Plata, Argentina  
*Urban Sprawl in the peri-urban Areas of La Plata and its Surroundings* - presented by Elias Rosenfeld

##### - Landscape, Ecological Infrastructure

(93) LUAN, Bo; PENG, Wenjie; Hu, Huan, Graduate School of Landscape Architecture, Peking University, Beijing, China  
*Shaping Waterside City Form in Hangzhou through Water-oriented ecological Infrastructure*

(95) Mitrovic, Sonja; Kacar, Maja; Jankovic, Daniela, YMSD Consulting, Toronto, Canada  
*Sustainable Solution for City Park 'USCE' - Dimension for the Future*

(102) WANG, Sisi; CHEN, Chundi; YANG, Qian, Peking University, Beijing, China  
*Ecological Infrastructure as a powerful Instrument for smart Growth: A case study of Beijing*

(103) XI, Xuesong; HAN, Hui, Graduate School of Landscape Architecture, Peking University, Beijing, China  
*Ecological Infrastructure and urban Landscape Identity*

#### Session 3: Techniques - Mon, 22 Sept (09:00 - 12.00) (break: 11:00-11:15)

(93) DING, Yuan, National Research Center of Historic Cities, Tongji University, Shanghai, China  
*Fengshui: the fading Landscape of Chinese Cities and cultural Heritage Sites - Case Study of Wuchang City and Wudang ancient Building Complexes*

(95) LI, Rui, Wuhan University, Wuhan, China  
*Urban Heritage Conservation by using GIS under Urban Renewal: A case study of Hankou historical district in Wuhan, China*

(100) SHEN, Na; LIANG, Jiang; SUN, Hui, College of Architecture and Fine Arts, Dalian University of Technology, Dalian, China  
*Building the cumulative Impact Assessment System within the regulatory detailed Planning Framework in China*

(98) QIAO, Qing; YUAN, Hong; YAN, Bin, Peking University, Beijing, China  
*Land Use Planning based on ecological Infrastructure in Metropolitan urban Fringe: Dongsanxiang Area, Beijing*

(99) Schütt, Rolf, 3D REID, Glasgow, Scotland, United Kingdom  
*Raster based GIS for urban Management: a low-cost solution for developing countries*

(104) Yamaguchi, Shinobu Yume; Leong, Ceelia; Takada, Jun-ichi, Tokyo Institute of Technology, Japan  
*Case studies on GIS Application on sustainable Development and cultural Heritage preservation in World Heritage Sites in Asia*

## WORKSHOP 6

### Patterns between Sprawling and Compact City Forms: Urban densities, housing and community formation, and social implications

#### Session 1: Urban Densities and Land Use Patterns – old and new (1) - Sat, 20 Sept (16:15 -18:15)

(106) Aón, Laura; Alvarez, Andrea; Ravella, Olga; Moro, Silvina, Unidad de Investigación, IDEHAB, FAU, UNLP, La Plata, Argentina  
*Environmental Potentialities of urbanized Soil in Stages of Densification of central Areas: the case of La Plata old city center*

(107) Butragueno, Belen, B2BCONCEPT, Madrid, Spain  
*New Networks for the old Paradise*

(109) Chopra, Divya, School of Planning and Architecture, New Delhi, India  
*Towards Compact Cities: "In-between" zones as resource. Case: Delhi*

(110) Galor, David, Galor Planning and Design Ltd, Tel-Aviv, Israel  
*Urban Compacting without Sprawl: The Case of Ramat-Gan*

(111) González Romero, Daniel; Pérez Bourzac, Maria Teresa; Rivera Borrayo, Elizabeth, Universidad de Guadalajara, Guadalajara, Mexico  
*When Destiny reaches us: Upwards Growth of a City in Conflict*

#### Session 2: - Sun, 21 Sept (13:30 - 18:00) (break: 16:00-16:15)

#### - Urban densities and Land Use Patterns—old and new (2)

(117) LI, Zhiming; Wang, Wei, South East University, Nanjing, China  
*Illegal Construction on the urban Fringe as new Landscapes of urban Sprawl: the case of Nanjing, China*

(118) LI, Dihua; LIU, Ke, Peking University, Beijing, China  
*Ecological Infrastructure first: A case study of the urban new developing zone of Hefei City, Anhui Province*

(122) Vuksanovic, Goran, Ministry of National Development, Victoria, Seychelles  
*Ile Perseverance, new Town in Seychelles, innovative Way of avoiding urban Sprawl*

(123) WU, Zhiling; Verweij, Jos; Smolders, Bert, DVR, China; Arnhem Municipality; Arcadis, Arnhem, Netherlands  
*Framing urban Development; spatial strategies by sister-cities Wuhan, China and Arnhem, Netherlands*

(124) YIP, Stanley C.Y., ARUP China, Hong Kong, China  
*Planning for Eco-cities in China: Visions, Approaches and Challenges*

(125) YU, Kongjian; LIU, Hailong, Peking University, Beijing, China  
*Ecological Infrastructure as a Tool for smart Growth: A reversed approach*

#### - Housing, Community and dwelling Types

(112) HE, Yong, Beijing Municipal Institute of City Planning & Design, Beijing, China  
*Planning for Restrictions to Beijing's urban built-up Space*

(113) Huang, Huan; Smolders, Bert; Verweij, Jos, WPDI Wuhan, China; Arcadis, Arnhem, Netherlands; Municipality of Arnhem, Netherlands  
*Cultural Heritage Conservation in historic Wuhan – urban renewal and the creative industry*

(119) MA, Hang, Harbin Institute Technology Shenzhen Graduate School, Shenzhen, China  
*Villages in Shenzhen-typical economic Phenomena of rural Urbanization in China*

(121) Santos Cruz, Sara; Pinho, Paulo, FEUP - Faculty of Engineering of University of Oporto, Porto, Portugal  
*The Impact of closed Condominiums in the metropolitan Area of Oporto*

(126) Zhai, Guofang; Suzuki, Takeshi, Nanjing University, Nanjing, China  
*Evaluating public Preferences for Sustainability with a Choice Experiment Approach in Japan*

#### Session 3: Public Assistance & Community Initiatives in Housing - Mon, 22 Sept (09:00 - 12.00) (break: 11:00-11:15)

(108) Campbell, Maria; Mshumpela, Andile, University of the Free State, Bloemfontein, South Africa  
*The Peoples Housing Process: a case of the Amathole District Municipality*

(114) Hulshof, Ineke, Hulshof Architecten, Delft, Netherlands  
*Poetic Freedom*

(115) Jakaitis, Jonas, Ministry of Environment of the Republic of Lithuania, Vilnius, Lithuania  
*Interaction of Architecture and Society: City individuality under changeable informal effect conditions*

(116) Kublacovs, Andis, University of Latvia, Riga, Latvia  
*Urban Regeneration and Strengthening of local Neighbourhoods – the Way of Riga*

(120) Marchand, Koenraad, Vrije Universiteit Brussel (VUB), Kwaremont, Belgium  
*Urban Autonomy and innovative Implementation of Re-generation Projects in disadvantaged Neighbourhoods*
