HOW TO SUSTAIN ENERGY RESOURCES?

# TRANSFORMING THE ENERGY TRANSITION

Katharina Gurgerell | Mbutu Mwaura | Christian Zuidema | Francesca Becchi  
Dao-Ming Chang | Anuj Kale | Maryam Rismanchi

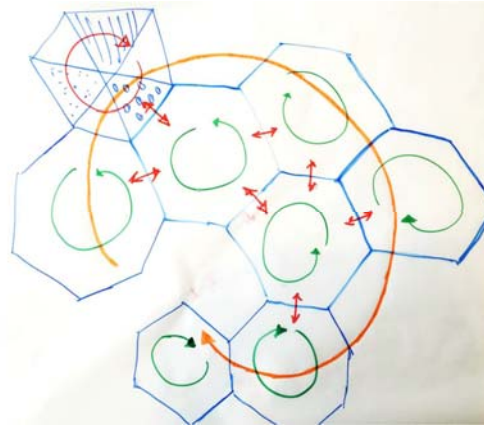

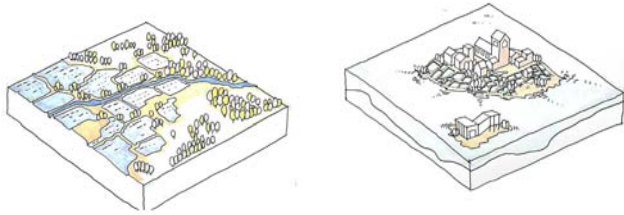

**Outcome**

- Energy transition needs a place
  - many places need energy transition
- Design as politics – politics as design

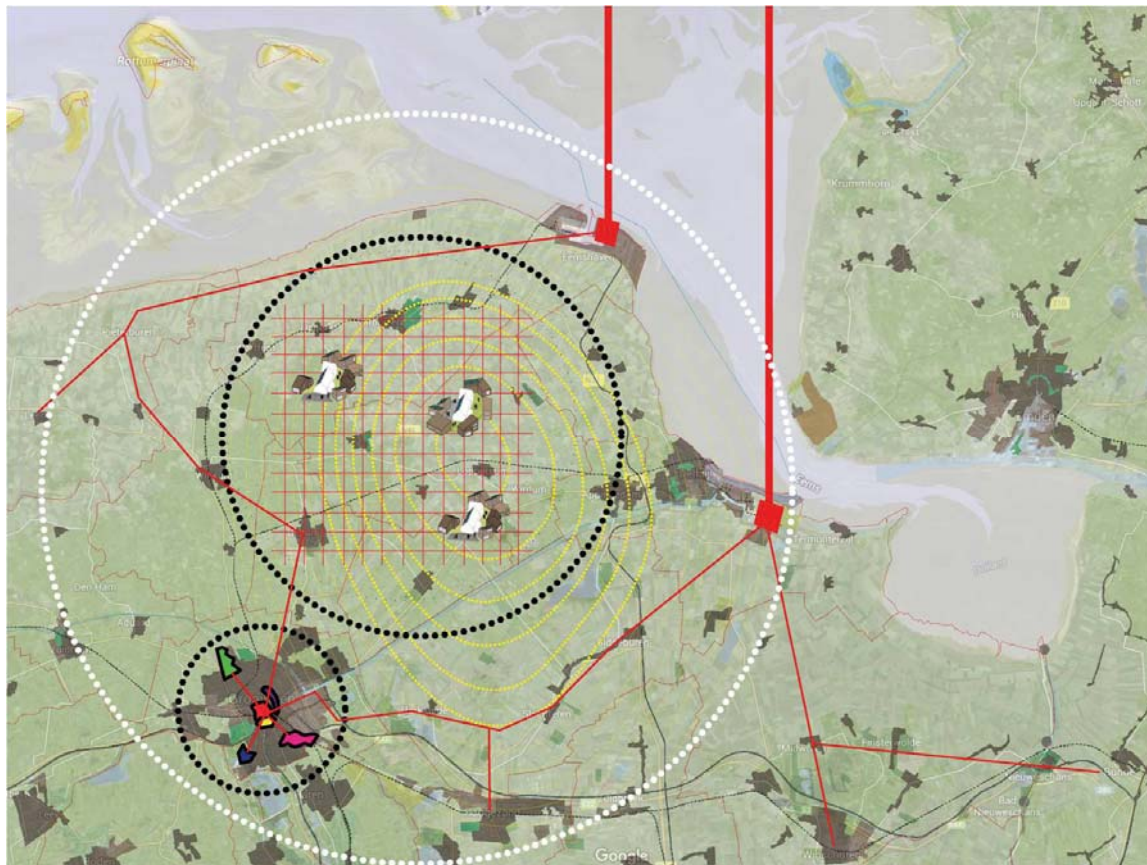

Translate political goals,  
societal dreams and  
spatial realities  
into evolving narrative  
of landscape and society

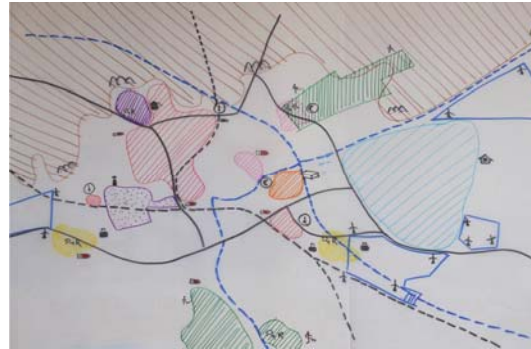

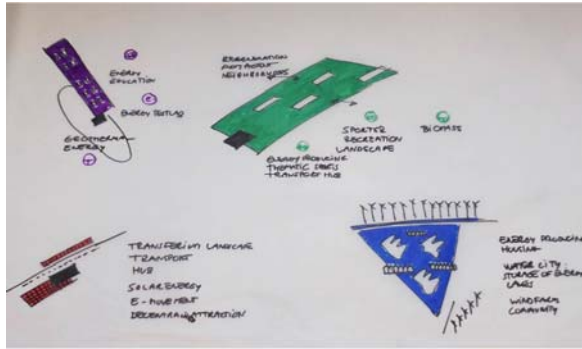

# Rural Re-Newables

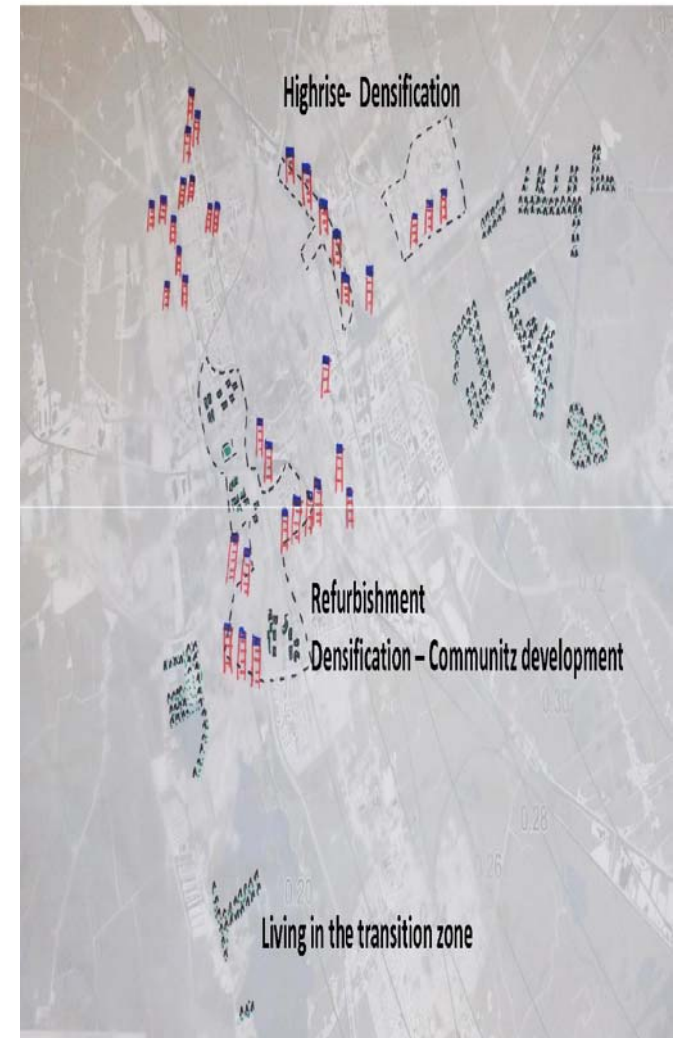

Smooth operator    Collective energy self-sufficiency

# Energised Polycentrality

Transformed

# About Sustainable Energy Future
