DURBAN
THE WARMEST PLACE TO BE

Message from the Mayor

The City of Durban has made a name for itself as a tourism and holiday destination of choice for more than half a century now, and that can be attributed to, among many other things, the golden beaches, the friendly people and the beautiful weather that is practically summer all year round. But the City of Durban has much more to offer.

The city is fast establishing itself as Africa's major sporting and international events capital. It is a centre of world-class sport and hosts major international events and conferences. The City of Durban is also a shopper's paradise with sophisticated shopping malls and precincts, craft markets and street bazaars scattered all over the city and its outskirts; visitors are spoilt for choice in this regard when they visit Durban.

Our entertainment scene and hospitality industry are second to none and we offer a wide range of accommodation from swish beachfront hotels to themed lodges, guesthouses, self-catering apartments and homely B&Bs. The City of Durban and the entire eThekweni region is an active commercial and manufacturing centre that is connected to the business capitals of the world. We are home to one of the busiest ports in Africa and we have invested billions in infrastructure in the past few years, thereby creating a conducive environment for business and investment.

The City and the KwaZulu-Natal Province boast an abundance of breathtaking scenery with sites like the Valley of 1000 Hills to the west of the City and the Sapphire Coast towards the south, an endless stretch of subtropical paradise

dotted with holiday towns; both are less than an hour's drive from the City centre. To the north of the City lies the bustling coastal town of Umhlanga, packed with hotels, restaurants and beautiful beaches. Just a few hours' drive away beckon two World Heritage Sites; to the north is the diverse and beautiful iSimangaliso Wetland Park, which boasts Big Five game reserves and a marine sanctuary, while inland is the mighty uKhahlamba-Drakensberg Park.

One of our most treasured assets is the friendly and caring people of diverse ethnic and cultural backgrounds united under the patriotism of being proud Durbanites. The rich cultural diversity includes African, Eastern and Western influences. Perhaps it is this blend of culture, art and environment that makes the City of Durban so unique and appeals to a wide spectrum of visitors, tourists and investors from all over the globe. There is nowhere else in the world quite like Durban.

I would like to urge all tourists, investors and visitors to consider the beautiful City of Durban and the entire eThekweni region in their travel plans and arrangements, so as to get a full first-hand experience of all that the City has to offer. We are, indeed, Africa's playground.

Thank you.

**His Worship the Mayor,
Councillor James Nxumalo**

Victoria Street Market

The Victoria Street Market, originally known as the Durban Indian Market, was built in 1910 but was destroyed by a fire in 1973. The present market was rebuilt on the exact same site on the corner of Queen and Bertha Mkhize (Victoria) Streets, and is something of a Durban institution.

The original traders in this area were Indian indentured labourers who traded along the street paving between 1860 and 1910, and many of today's traders are third and fourth generation descendants of the original traders.

The ornate structure, which resembles something a Maharaj might commission, is a busy and vibrant place in which to buy anything in the way of fresh produce and spices to curios, clothing and trinkets. Browsing through the stores is a great way to meet friendly locals and immerse yourself in the sights, sounds and smells of one of Durban's busiest areas.

One of Durban's most unique features is the cultural mix of its people who have come from all corners of the globe.

The Nguni people migrated from Central and East Africa many centuries ago and settled in what is now KwaZulu-Natal, where they herded cattle and hunted wild game. King Shaka was instrumental in unifying different tribes and the Zulu nation was born. The colonial era began in the early 1800s with the arrival of British settlers, followed by Boers from the Cape, originally from Europe. In the 1860s, Indian indentured labourers were brought in from British India to work the sugar plantations. They were followed by traders, merchants and religious leaders from the East, which resulted in the establishment of a large and diverse Indian population. The result is a cultural mix of Eastern, Western and African influences that are visible everywhere, in the art and architecture, fashion, cuisine and language.

Visually, Durban is a captivating city thanks to its heady mix of Victorian, Edwardian, Art Deco, Indian Traditional and modern architecture. The influences of Asian, African, English Colonial and Afrikaans cultures have all produced some rare and obscure styles, making Durban's architecture astonishing in its quality and diversity. It is also a city that is rich in art – both African, classical and modern.

A city tour will take in Durban's gorgeous Golden Mile, the City Hall and the Natural Science Museum, not to mention the numerous art galleries such as the Durban Art Gallery, the BAT Centre and the African Art Centre.

Scale a sheer cliff face

The Valley of 1000 Hills area is home to a variety of climbing sites with routes for beginners and advanced climbers to enjoy. Monteseel and the 'wave cave' at Shongweni Dam are two of the best-known spots.

Gone fishing

The Indian Ocean teems with life, and fishing enthusiasts come from all over the country to angle off Durban's beautiful shoreline. Deep-sea fishing charters are also available from Durban harbour, and from ski-boat launches north and south of the city.

Explore on horseback

Enjoy a horse trail through the sugar cane, coastal bush or along a deserted beach. It's a wonderful way to enjoy the scenery and the sunshine. These tours cater for both experienced riders and beginners, so bring the family along.

Scuba diving wonderland

Aliwal Shoal, one of the top 10 dive sites in the world, is Durban's prime diving destination and attracts divers from around the world. Dive boats launch from the Umkomaas River, south of Amanzimtoti, to get to the reef which is about 4km long and lies some 5km offshore, with depths ranging from 5m to 35m. The reef runs almost parallel to the shoreline and its many gullies, overhangs, caves and shelves are home to a vast array of marine life. Two wrecks lying near the shoal – the *Produce* and *Nebo* – provide divers with alternative underwater experiences.

Other adventure

There is so much to do in Durban – mountain biking, dolphin and whale watching, trail running, jet-skiing, canoeing, kayaking, kite surfing, white water rafting and more.

A golfer's paradise

Durban has a number of internationally renowned golf courses offering even the most discerning golfer an unparalleled golfing experience. Set amongst lush, subtropical environs, the magnificently manicured fairways and greens offer some uniquely spectacular experiences.

From sea views to indigenous forest and even some courses with wild game, golfers will find many challenges and memorable holes to test their abilities. You could spend a week or more in Durban and play a different 18-hole course every day, and the 19th-holes are also legendary. Here is a brief summary of three of Durban's top courses.

Durban Country Club

The Durban Country Club golf course is considered by some to be the best golf course in South Africa and is the only golf course in Africa rated in the top 100 by *Golf Magazine*. Situated close to the shore of the Indian Ocean, the course has been masterfully fashioned into the dunes. Durban Country Club is also home to numerous indigenous plants and trees, as well as some rare birds that grace the fairways. Visiting golfers are very welcome to come and play this unique course, and enjoy the ambiance and facilities of this world-renowned club.

 Enquiries: +27 (0)31 313 1777 / www.dcclub.co.za

Durban Country Club Beachwood

Beachwood borders on the Indian Ocean and has the accentuated undulating fairways so common to links courses. Having recently been upgraded, it is noted in particular for its narrow, long, straight fairways and many bunkers, lots of trees and bushes, and severe slopes. The front nine includes the 10th hole before halfway facilities are reached.

 Enquiries: +27 (0)31 313 1777 / www.dcclub.co.za

Royal Durban Golf Club

At first, Royal looks easy with its flat layout, absence of trees and no excessively long rough. The lack of large trees is considered a contributing factor to the difficulty of the course, as there is no protection from the wind. The length of 6115 metres could label Royal Durban a short course by modern standards, however, in summer conditions, it plays more like 6500 metres, with little run on its fairways, and humid subtropical atmosphere.
