

Precongress Event for Planning Professionals

at the

52nd ISOCARP CONGRESS

On the implementation of the INTERNATIONAL GUIDELINES ON URBAN AND TERRITORIAL PLANNING

The International Guidelines on Urban and Territorial Planning (IG-UTP) is the global reference to guide decision makers for improving and integrating policies, plans, designs and implementation processes leading to more compact, better connected, socially inclusive and institutionally integrated cities and territories that are resilient to climate change.

Learn more about the tools to implement the Guidelines
in our event

Planning Guidelines in practice: A tool for planning professionals in DURBAN

Sunday, 11th September, 2.30 pm - 5.30 pm
